

Countries and Currencies – GK Notes in PDF

A currency refers to money in any form which is the official medium of exchange in a country or economic bloc. It must be in actual use or circulation. They are usually found in the form of paper or polymer banknotes and metal coins. Currency in earlier times included paper, cotton, or stones. Countries generally have a monopoly on the issuing of currency. However, some countries share currencies with other states. Currencies that are legal tender, including those used in actual commerce or issued for commemorative purposes, are considered "Circulating Currencies".
